Beyond Work-Family Balance-Rhona Rapoport
2002 Everyone who struggles to meet the demands of work and personal-life responsibilities knows how tough it is to do so. This bold new book shows that it is the deeply engrained separation of work and personal life that has limited our ability to deal effectively with the conflict between them. Beyond Work-Family Balance demonstrates why the image of

"balance" is outmoded and why a new approach--work-personal life integration--offers greater promise for meaningful change. Providing many examples from action research projects in more than a dozen organizations of different kinds, the authors show how using their method of integrating rather than separating personal-life considerations from the workplace can achieve positive outcomes, not only for workers but also for the work. The method offers a way of looking deeply into the work culture to find inequitable and ineffective work practices that are so embedded and routine that no one thinks to question them^{3/4}they are just the way things get done. Once identified, these work practices can be changed to achieve what the authors call a Dual Agenda: a more equitable workplace where both men and women can achieve their full potential and a more effective workplace where the needs of the work, rather than gendered and outmoded assumptions, determine what gets done and how. Beyond Work-Family Balance offers an approach that achieves what "family friendly" policies, "mommy tracks," and so-called

flexibility programs cannot. Such programs address the symptoms of the problem. This book offers a way of changing the everyday work practices and norms that are at the root of the problem.

God at Work-Gene Edward Veith Jr. 2011-08-02
Work can be a daily grind—a hard, monotonous

set of thankless tasks. In the midst of the ongoing toil, many are plagued by a lack of purpose, confused as to what to do and who to become. And while some of our vocations may seem more overtly meaningful than others', the truth is that most of us work because we have to. It is a means to an end—survival. Given the enormous amount of time each of us spends working, we would do well to understand our callings and how God works through them. Here culture expert Gene Veith gives us more than a simple understanding of work—more than a catchy slogan to “do all things for the glory of God.” He outlines a spiritual framework for answering questions such as: What does it mean to be a Christian businessperson or a Christian artist or a Christian lawyer, scientist, construction worker or whatever? How can I know what I am supposed to do with my life? What does it mean to raise a Christian family? And what if I don't have kids? Unpacking the Bible's teaching on work, Veith helps us to see the meaning in our vocations, the force behind our ethics, and the transformative presence of God in our everyday,

ordinary lives.

God Does His Best Work with Empty-Nancy Guthrie 2020-09-15 It's amazing how heavy the weight of emptiness can feel, how much room it can take up in our souls, how much pain can be caused by something that isn't even there. But while we may see the emptiness of our lives as our greatest problem, that's not how God sees it. When God looks into the empty places of our lives, He sees His greatest opportunity. God does His best work in the emptiness of our . . .

- Insatiable craving for things that don't satisfy
- Relational disappointments and loneliness
- Frustrated search for purpose and meaning
- Relentless desire for comfort and security
- Ongoing struggle to live with loss and unfulfilled dreams

Join Nancy Guthrie in discovering why emptiness has never been, and never will be, a problem to God. As Nancy pulls back the curtain on God's work to fill up emptiness as revealed throughout the Bible, you'll experience page after page of grace and hope that your emptiness

can and will be filled. You'll begin to see that God really does do His best work with empty--as he fills it with Himself.

Game Changer-Michael Solomon 2020-09-21
Highly skilled 10x talent brings at least 10 times
the value to your organization. By understanding
how to attract, manage, and retain these sought-
after individuals, your business will become more
agile and innovative and experience
transformational growth. 10xers can tackle a
company's thorniest problems, improve their
strongest assets, and blaze a path to success.
With the rapid digitization of every conceivable
product and service, the environment has
transformed so fast that every organization must
be equipped with these phenomenally gifted
employees to keep up. Game Changer provides
proven strategies on how your company can
create the right environment for top talent and
breakthrough success by upending traditional
business practices. It also reveals how
individuals can evolve from good to great to 10x,
and enjoy the many perks and rewards this status
brings. With this book, you'll learn: How highly
skilled talent is transforming companies of all
sizes and industries through real world stories

and first-hand testimonies from top executives and entrepreneurs. Ways managers can become coaches that empower their team to accomplish amazing results. The unconventional business environment 10xers need for massive productivity, including deep flow states, greater autonomy and ownership, and work time flexibility. How to see yourself as both talent and management and become comfortable switching these hats. For any reader who wants to make an impact at work, become a highly skilled, phenomenally gifted employee, and experience the rewards and satisfaction of being 10x, Game Changer shows you how. "Game Changer is a must-read for leaders seeking actionable tools for empowering team members, unlocking their fullest potentials, and achieving 10x the results." —Daniel Lubetsky, Founder and Executive Chairman of KIND Snacks

Let Them See You-Porter Braswell 2019-01-15
The guide to getting hired, being promoted, and thriving professionally for the 40 million people

of color in the workplace—from the CEO and cofounder of Jopwell, the leading career advancement platform for Black, Latinx, and Native American students and professionals. Let Them See You is a collection of Braswell's straight-talking advice and mentorship for diverse careerists, from college students to mid-level professionals. It's also an invitation for diversity champions to listen in on the guidance and perspective Braswell provides, particularly for young diverse workers—the population that will make up the majority of the US workforce by 2030. In Let Them See You, Braswell briefly chronicles how the majority-culture workplace evolved and why it's a business imperative to have a more diverse workforce, and then explains how you can: · overcome not-so-invisible obstacles · create perceived value · get recognition · be true to yourself at work · build a personal brand · harness fear of failure · embrace uncomfortable conversations, and · drive diversity and inclusion, whether you're entry-level or in management In essence, Braswell delivers all the context, tactics, and language you

need to let them see you.

Whence They Came-Barbara Ann Roberts 1988
Until recently, immigration policy was largely in the hands of a small group of bureaucrats, who strove desperately to fend off "offensive" peoples. Barbara Roberts explores these government officials, showing how they not only kept the doors closed but also managed to find a way to get rid of some of those who managed to break through their carefully guarded barriers. Robert's important book explores a dark history with an honest and objective style.

Introduction to the Counseling Profession-

Dave Capuzzi 2001 This text is designed for students taking an introductory course in the counseling field who are trying to determine if they are well matched to the counseling profession. Introduction to the Counseling Profession is unique both in its format and in its content. This co-edited/co-authored book is comprised of state-of-the-art information by recognized experts in their respective areas of counseling. The content is organized into counseling foundations, counseling skills, counseling in specific settings, and counseling specific populations, which provides a comprehensive overview and introduction to the profession of counseling. CACREP accredited and CACREP equivalent graduate programs can use this text in connection with meeting CACREP's professional orientation standard.

Your Brain at Work, Revised and Updated-

David Rock 2020-08-11 A researcher and consultant burrows deep inside the heads of one modern two-career couple to examine how each

partner processes the workday—revealing how a more nuanced understanding of the brain can allow us to better organize, prioritize, recall, and sort our daily lives. Emily and Paul are the parents of two young children, and professionals with different careers. Emily is the newly promoted vice president of marketing at a large corporation; Paul works from home or from clients' offices as an independent IT consultant. Their days are filled with a bewildering blizzard of emails, phone calls, more emails, meetings, projects, proposals, and plans. Just staying ahead of the storm has become a seemingly insurmountable task. In *Your Brain at Work*, Dr. David Rock goes inside Emily and Paul's brains to see how they function as each attempts to sort, prioritize, organize, and act on the vast quantities of information they receive in one typical day. Dr. Rock is an expert on how the brain functions in a work setting. By analyzing what is going on in their heads, he offers solutions Emily and Paul (and all of us) can use to survive and thrive in today's hyperbusy work environment—and still feel energized and

accomplished at the end of the day. In *Your Brain at Work*, Dr. Rock explores issues such as: why our brains feel so taxed, and how to maximize our mental resources why it's so hard to focus, and how to better manage distractions how to maximize the chance of finding insights to solve seemingly insurmountable problems how to keep your cool in any situation, so that you can make the best decisions possible how to collaborate more effectively with others why providing feedback is so difficult, and how to make it easier how to be more effective at changing other people's behavior and much more.
